We went with the 60 month plan to get it that low!

It also has auto headlights to turn on or off by their self.

It also has a 6 cylinder motor with a **6 Speed Shiftable Automatic**

Advantages and disadvantages of our credit

The Major disadvantage we have is the picture to the right. The disadvantage was that we had to find a good running car for under 1,000 so we didnt have to take to many off of our budget.

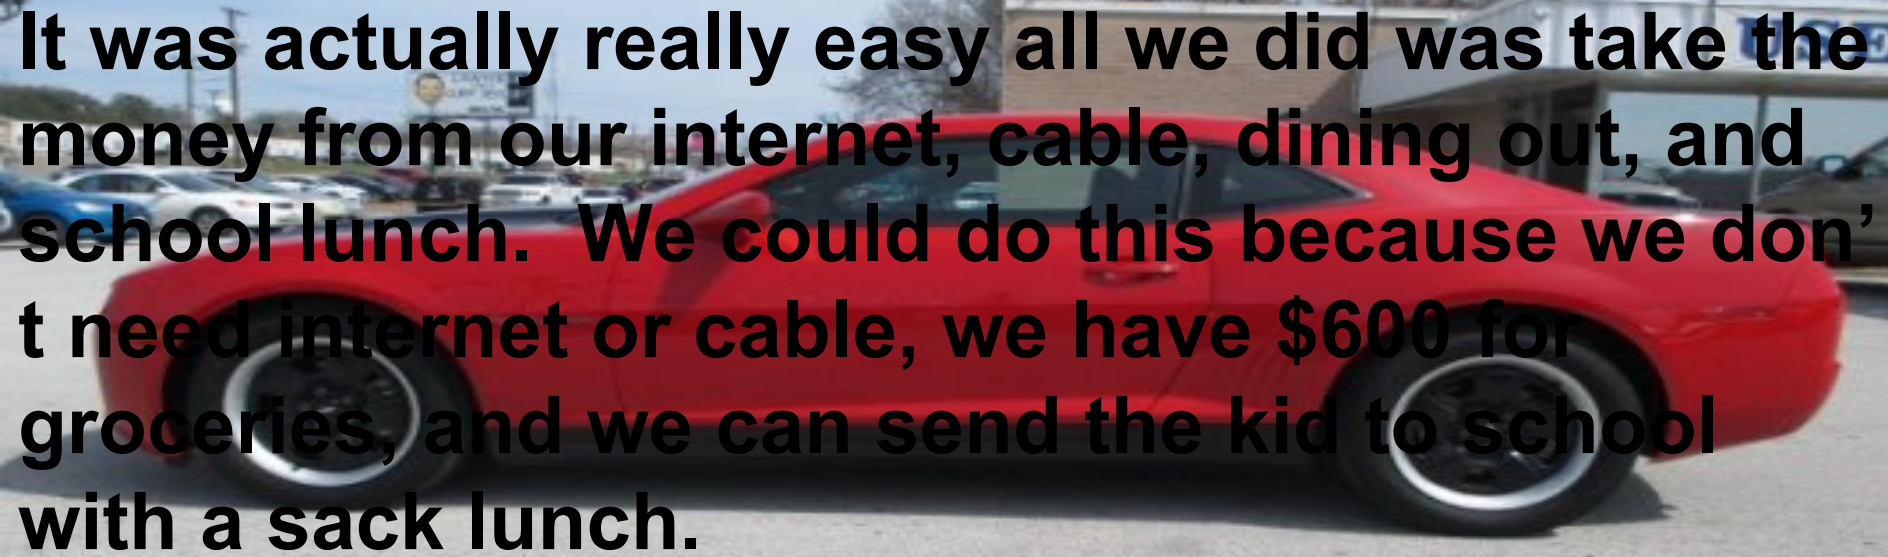

Our loan term was- 5 years

Our credit score was 670

Rearrangements

It was actually really easy all we did was take the money from our internet, cable, dining out, and school lunch. We could do this because we don't need internet or cable, we have \$600 for groceries, and we can send the kid to school with a sack lunch.

A red sports car is parked in a parking lot. In the background, there is a building with a sign that partially reads 'THE' and a flag flying on a pole. The scene is outdoors under a clear sky.
